OUR IMPACT IN 2025 - BECAUSE OF YOU

In 2025, the Free Clinic of Pierce and St. Croix Counties delivered:

provided

1,025

patient visits

welcomed

212

new patients

dispensed

2,859

prescriptions

That happens because people like you choose to care. Behind every number is someone managing a chronic condition, navigating uncertainty, or simply trying to stay healthy enough to keep going. Many are working. Many are doing everything they can - and still need support.

And the reality is clear: THE NEED IS GROWING.

More individuals and families across Pierce and St. Croix Counties are turning to the Free Clinic for consistent, reliable care. What was once a gap is becoming a lifeline. Your support doesn't just sustain this work.

This is more than care. This is community in action.
